

# Project Overview

|                         |                 |
|-------------------------|-----------------|
| <b>Classification:</b>  | Capital Project |
| <b>Campus/Location:</b> | Wake Tech East  |

---

---

This project consists of designing and building a three-story, 80,000 GSF Technology 4.0 building. The building will include the following:

- Flexible teaching labs
- High-bay training spaces
- Makerspaces
- Technology labs
- Computer labs
- General classrooms

The following programs will be supported:

- Mechanical Engineering
- Geomatics
- Advanced Electronics
- Mechatronics
- Robotics/Automation
- Biopharmaceuticals
- Bioagriculture
- Tower Erection & Repair
- Unmanned Aircraft Operations & Repair

The facility and its systems will serve as a teaching tool, integrating technologies that students can manipulate and use to learn.

## Budget & Financing Information

|                      |                |
|----------------------|----------------|
| <b>Total Budget:</b> | \$58.3 million |
| <b>HUB Goal:</b>     | 10%            |

---

## Project Status

|                               |              |
|-------------------------------|--------------|
| <b>Design:</b>                | January 2022 |
| <b>Construction:</b>          | Spring 2023  |
| <b>Anticipated Occupancy:</b> | Spring 2026  |
| <b>HUB Actual:</b>            | TBD          |

---

## Project Contacts

|                                   |                       |
|-----------------------------------|-----------------------|
| <b>Wake Tech Project Manager:</b> | Gabriel Hoskins       |
| <b>Wake Tech HUB Coordinator:</b> | Rustin McNiff         |
| <b>Builder/General Contactor:</b> | Monteith Construction |
| <b>Designer:</b>                  | Lord Aeck Sargent     |
