Average Weekly Room Hours of Instruction in Classroom (Table 3)

Average Weekly Hours of Instruction in Classroom is average number of hours that an institution's classrooms are used for instructional purposes each week.

For the purpose of this study, a classroom is defined as a room used to conduct classes that do not require special-purpose equipment for student use.

Daytime utilization is based on all classes with beginning times between and including 5:00 a.m. and 4:59 p.m.; nighttime utilization is based on all other classes. The "All Hours" section in Table 3 indicates the sum of the daytime and nighttime figures for the last five years.
