# WAKE TECH

COMMUNITY COLLEGE

FACT BOOK

2018 - 2019

About the Wake Tech Fact Book

Wake Tech's Fact Book is designed to provide an easily readable compilation of data about the College to the public, faculty, staff and administrators, planners and other selected individuals: such as trustees, local commissioners, and legislators. While some historical information is included, the data and facts offered provide a profile of the College for one academic year. In addition, the historical data presented helps to illustrate the rate of growth and change Wake Tech has experienced.

The College's Office of Institutional Effectiveness, Accreditation and Research (IEAR) compiles this information under the direction of Dr. John B. Boone, Dean of IEAR. The research and reports are prepared by the Research Specialist, with the Technical Assistant assembling the information into a single publication.

The 2019 edition of the Fact Book includes the annual IPEDS (Integrated Postsecondary Data System) report which contains comparative information about Wake Tech and its peer two-year institutions in the United States. New tables and graphs have also been added to many of the sections of the Fact Book. The 2018-2019 Trends document highlights changes WTCC has witnessed over time in comparison to other North Carolina Community College System (NCCCS) institutions, as well as emerging trends in relation to WTCC's Curriculum Education, Workforce Continuing Education, Enrollment, Student Services, Human Resources, Funding and Facilities. As with certain external publications, such as the NCCCS Performance Measures for Student Success Report, and the IPEDS Data Feedback Report, the WTCC Fact Book provides data and analysis from the prior academic year. This year's report, however, will include selected data points from the 2019-2020 academic year in the attempt to provide as up-to-date information as possible.

The Office of Institutional Effectiveness, Accreditation and Research makes every effort to ensure the accuracy of the data presented in the Fact Book; however, suggestions for improving the Fact Book can be sent to the following:

Wake Tech: Leading the Way for 50 Years

In the late 1950s, the North Carolina General Assembly approved funding for a new concept in higher education: industrial education centers that would train adults in the vocational and technical skills needed by the region's emerging industries.

The Wake County Industrial Education Center was chartered in 1958, and officials began searching for a permanent site for the institution. While they looked, they started offering a few classes – in blueprint reading, power sewing, and technical secretary – at community sites. They also launched a licensed practical nursing program at Memorial Hospital (now WakeMed) in Raleigh.

It wasn't long before officials found land south of Raleigh as a home for this new institution, with a new name that honored W.W. "Bill" Holding, a county commissioner and original steering committee member. The W.W. Holding Industrial Education Center opened on October 7, 1963, with 34 full-time students in Automobile Mechanics, Radio and TV Repair, Electrical Installation and Maintenance, and Drafting. An additional 270 students took classes at community sites and were enrolled in the nursing program.

Today, Wake Tech has expanded to six campuses. The college also operates two Career Technical Education (CTE) High Schools and one Early College High School, along with dozens of community sites throughout Wake County. Enrollment has grown to more than 70,000 students a year.

Fifty-five years after opening its doors, Wake Tech is still leading the way, preparing students for successful careers, training a highly-skilled workforce, and serving as a major force in the economic development of the region.
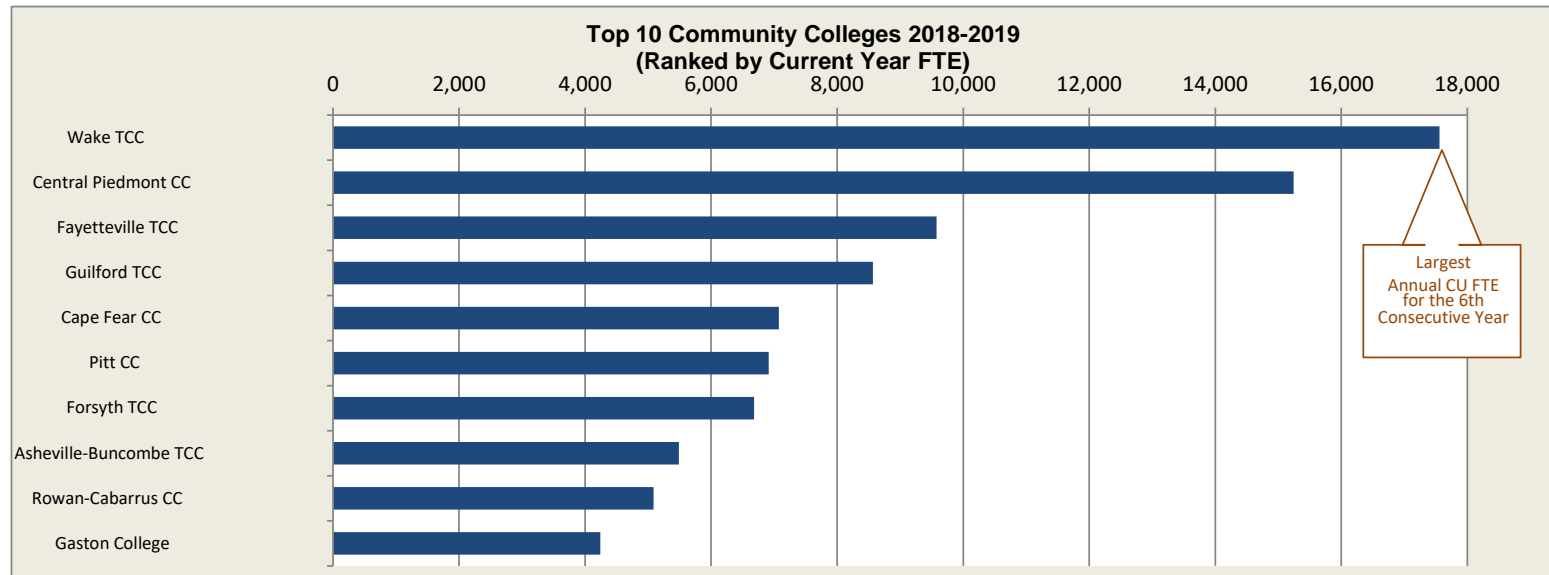

Name changes through the years:

• 1958: Wake County Industrial Education Center
• 1963: W.W. Holding Industrial Education Center
• 1965: W.W. Holding Technical Institute
• 1974: Wake Technical Institute
• 1980: Wake Technical College
• 1987: Wake Technical Community College

Definitions

1) College - Name of NC Community College.

2) Transfer/General Education
Unduplicated count of students registered in the following program area.
10 - Arts and Sciences

3) Career and Technical Education
Unduplicated count of students registered in one of the following program areas.
15 - Agricultural and Natural Resources Technologies
20 - Biological and Chemical Technologies
25 - Business Technologies
30 - Commercial and Artistic Production Technologies
35 - Construction Technologies
40 - Engineering Technologies
45 - Health Sciences
50 - Industrial Technologies
55 - Public Service Technologies
60 - Transport Systems Technolgies

4) Special Credit
Unduplicated count of students registered in the following program area.
90 - Special Categories

5) Annual Curr Undup
Count
Annual unduplicated count of curriculum students by college for a reporting year (Fall, Spring and Summer semester). The student is counted one time even if they enrolled for more than one semester.

NATIONAL CENTER FOR EDUCATION STATISTICS

IPEDS DATA FEEDBACK REPORT 2019

What Is IPEDS?

The Integrated Postsecondary Education Data System (IPEDS) is a system of survey components that collects data from about 6,400 institutions that provide postsecondary education across the United States.

These data are used at the federal and state level for policy analysis and development; at the institutional level for benchmarking and peer analysis; and by students and parents, through the College Navigator (https://nces.ed.gov/collegenavigator/), an online tool to aid in the college search process. Additional information about IPEDS can be found on the website at https://nces.ed.gov/ipeds.

What Is the Purpose of This Report?

The Data Feedback Report is intended to provide institutions a context for examining the data they submitted to IPEDS. The purpose of this report is to provide institutional executives a useful resource and to help improve the quality and comparability of IPEDS data.

What Is in This Report?

The figures in this report provide a selection of indicators for your institution to compare with a group of similar institutions. The figures draw from the data collected during the 2018-19 IPEDS collection cycle and are the most recent data available. The inside cover of this report lists the pre-selected comparison group of institutions and the criteria used for their selection. The Methodological Notes at the end of the report describe additional information about these indicators and the pre-selected comparison group.

Where Can I Do More with IPEDS Data?

Each institution can access previously released Data Feedback Reports from 2005 and customize this 2019 report by using a different comparison group and IPEDS variables of its choosing. To learn how to customize the 2019 report, visit this resource page https://nces.ed.gov/Ipeds/Help/View/2. To download archived reports or customize the current Data Feedback Report, visit the 'Use the Data' portal on the IPEDS website https://nces.ed.gov/ipeds and click on Data Feedback Report.

Wake Technical Community College
Raleigh, NC

COMPARISON GROUP

Comparison group data are included to provide a context for interpreting your institution's statistics. If your institution did not define a custom comparison group for this report by July 13, 2018 NCES selected a comparison group for you. (In this case, the characteristics used to define the comparison group appears below.) The Customize Data Feedback Report functionality on the IPEDS Data Center at this provided link (https://nces.ed.gov/ipeds/datacenter/) can be used to reproduce the figures in this report using different peer groups.

The custom comparison group chosen by Wake Technical Community College includes the following 12 institutions:

▶ Central Piedmont Community College (Charlotte, NC)
▶ Delgado Community College (New Orleans, LA)
▶ Fayetteville Technical Community College (Fayetteville, NC)
▶ Georgia State University-Perimeter College (Atlanta, GA)
▶ Guilford Technical Community College (Jamestown, NC)
▶ Hillsborough Community College (Tampa, FL)
▶ Jefferson Community and Technical College (Louisville, KY)
▶ Midlands Technical College (West Columbia, SC)
▶ Pima Community College (Tucson, AZ)
▶ Sinclair Community College (Dayton, OH)
▶ Tidewater Community College (Norfolk, VA)
▶ Trident Technical College (Charleston, SC)

The figures in this report have been organized and ordered into the following topic areas:

1) Admissions (only for non-open-admissions schools)	[No charts applicable]	
2) Student Enrollment	Fig. 1 and 2	Pg. 3
3) Awards	Fig. 3	Pg. 3
4) Charges and Net Price	Fig. 4 and 5	Pg. 4
5) Student Financial Aid	Fig. 6 and 7	Pg. 4
6) Military Benefits*	[No charts applicable]	
7) Retention and Graduation Rates	Fig. 8, 9, 10, 11, 12, 13, 14, 15 and 16	Pg. 5, 6, 7 and 8
8) Finance	Fig. 17 and 18	Pg. 9
9) Staff	Fig. 19 and 20	Pg. 9
10) Libraries*	Fig. 21 and 22	Pg. 10

*These figures only appear in customized Data Feedback Reports (DFR), which are available through Use the Data portal on the IPEDS website.

Figure 1.   Percent of all students enrolled, by race/ethnicity, and percent of students who are women: Fall 2018
NOTE: For more information about disaggregation of data by race and ethnicity, see the Methodological Notes. Median values for the comparison group will not add to 100%. See 'Use of Median Values for Comparison Group' for how median values are determined. N is the number of institutions in the comparison group.
SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Spring 2019, Fall Enrollment component.

**Figure 2.   Unduplicated 12-month headcount (2017-18), total FTE enrollment (2017-18), and full- and part-time fall enrollment (Fall 2018)**
NOTE: For details on calculating full-time equivalent (FTE) enrollment, see Calculating FTE in the Methodological Notes. N is the number of institutions in the comparison group.

METHODOLOGICAL NOTES

Overview

This report is based on data supplied by institutions to IPEDS during 2018-19 data collection year. Response rates exceeded 99% for most surveys. IPEDS First Look reports at https://nces.ed.gov/pubsearch/getpubcats.asp?sid=010 provide some information on aggregate institutional responses. Furthermore, data used in this report are provisional level and may be revised for a limited time through the IPEDS Prior Year Revision system.

Use of Median Values for Comparison Group

This report compares your institution's data to the median value for the comparison group for each statistic shown in the figure. If more than one statistic is present in a figure, the median values are determined separately for each indicator or statistic. Medians are not displayed for comparison groups with fewer than three values. Where percentage distributions are presented, median values may not add to 100%. To access all the data used to create the figures included in this report, go to 'Use the Data' portal on the IPEDS website at this provided link (https://nces.ed.gov/ipeds).

Missing Statistics

If a statistic is not reported for your institution, the omission indicates that the statistic is not relevant to your institution and the data were not collected. Not all notes may be applicable to your report.

Use of Imputed Data

All IPEDS data are subject to imputation for total (institutional) and partial (item) nonresponse. If necessary, imputed values were used to prepare your report.

Data Confidentiality

IPEDS data are not collected under a pledge of confidentiality.

Disaggregation of Data by Race/Ethnicity

When applicable, some statistics are disaggregated by race/ethnicity. Data disaggregated by race/ethnicity have been reported using the 1997 Office of Management and Budget categories. Detailed information about the race/ethnicity categories can be found at https://nces.ed.gov/ipeds/Section/Resources.

Cohort Determination for Reporting Student Financial Aid, Graduation Rates, and Outcome Measures

Student cohorts for reporting Student Financial Aid and Graduation Rates data are based on the reporting type of the institution. For institutions that report based on an academic year (those operating on standard academic terms), student counts and cohorts are based on fall term data. Student counts and cohorts for program reporters (those that do not operate on standard academic terms) are based on unduplicated counts of students enrolled during a full 12-month period.

Student cohorts for reporting Outcome Measures are based on a full-year cohort from July 1-June 30 for all degree-granting institutions.

DESCRIPTION OF STATISTICS USED IN THE FIGURES

Admissions (only for non-open-admissions schools)

Admissions and Test Score Data

Admissions and test score data are presented only for institutions that do not have an open admission policy, and apply to first-time, degree/certificate-seeking undergraduate students only. Applicants include only those students who fulfilled all requirements for consideration for admission and who were notified of one of the following actions: admission, non-admission, placement on a wait list, or application withdrawn (by applicant or institution). Admitted applicants (admissions) include wait-listed students who were subsequently offered admission. Early decision, early action, and students who began studies during the summer prior to the fall reporting period are included. For customized Data Feedback Reports, test scores are presented only if scores are required for admission.

Student Enrollment

Enrollment Counts

12-month Enrollment captures a cumulative unduplicated headcount of enrollment over the full 12-month period beginning July 1 and ending June 30. In contrast, Fall Enrollment captures number of students enrolled on a particular date in the fall. Fall enrollment is often referred to as a "snapshot" of an institution"s enrollment at a specific time.

FTE Enrollment

The full-time equivalent (FTE) enrollment used in this report is the sum of the institution's FTE undergraduate enrollment and FTE graduate enrollment (as calculated from or reported on the 12-month Enrollment component). Undergraduate and graduate FTE are estimated using 12-month instructional activity (credit and/or contact hours). See "Calculation of FTE Students (using instructional activity)" in the IPEDS Glossary at https://surveys.nces.ed.gov/ipeds/VisGlossaryAll.aspx.

Total Entering Undergraduate Students

Total entering students are students at the undergraduate level, both full- and part-time, new to the institution in the fall term (or the prior summer term who returned in the fall). This includes all first-time undergraduate students, students transferring into the institution at the undergraduate level, and non-degree/certificate-seeking undergraduates entering in the fall. Only degree-granting, academic year reporting institutions provide total entering student data.

Completions

Completions and Completers

Completions collects data on undergraduate and graduate completions and completers in a 12-month period. Completions are the counts of postsecondary awards granted where each award reported once but multiple awards may be reported for one recipient. Completers are the counts of students granted postsecondary awards. The count of completers is collected in two ways. The first way counts all completers, while the second way counts completers by award level (e.g., number of associate's completers, number of bachelor's completers).

Student Financial Aid

Financial Aid Recipients and Amounts

Student Financial Aid collects the counts of undergraduate students awarded different types of financial aid and the total amounts of aid awarded. The average dollar amount of aid awarded is then calculated. In addition, Student Financial Aid collects counts of full-time, first-time undergraduate student awarded aid and amounts of aid, and counts of undergraduate and graduate students receiving military educational benefits.

Charges and Net Price

Average Institutional Net Price

IPEDS collects data to calculate average net price at each institution for two groups of undergraduate students: those awarded grant aid and those awarded Title IV federal aid.

Average net price is calculated for full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from the federal government, state/local government, or the institution anytime during the full aid year. For public institutions, this includes only students who paid the in-state or in-district tuition rate. Other sources of grant aid are excluded. Average net price is generated by subtracting the average amount of federal, state/local government, and institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees, books and supplies, and the average room and board and other expenses.

For the purpose of the IPEDS reporting, aid awarded refers to financial aid that was awarded to, and accepted by, a student. This amount may differ from the aid amount that is disbursed to a student.

Retention, Graduation Rates, and Outcome Measures

Retention Rates

Retention rates are measures of the rate at which students persist in their educational program at an institution, expressed as a percentage. For four-year institutions, this is the percentage of first-time bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. For all other institutions this is the percentage of first-time degree/certificate-seeking students from the previous fall who either re-enrolled or successfully completed their program by the current fall. The full-time retention rate is calculated using the percentage of full-time, first-time degree/certificate-seeking undergraduates, while the part-time rate is calculated using the percentage of part-time, first-time degree/certificate-seeking undergraduates.

Graduation Rates and Transfer-out Rate

Graduation rates are those developed to satisfy the requirements of the Student Right-to-Know Act and Higher Education Act, as amended, and are defined as the total number of individuals from a given cohort of full-time, first-time degree/certificate-seeking undergraduates who completed a degree or certificate within a given percent of normal time to complete all requirements of the degree or certificate program; divided by the total number of students in the cohort of full-time, first-time degree/certificate-seeking undergraduates minus any allowable exclusions. Institutions are permitted to exclude from the cohort students who died or were totally and permanently disabled; those who left school to serve in the armed forces or were called up to active duty; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on an official church mission.

A further extension of the traditional Graduation Rates (GR) component which carries forward 100% and 150% graduation rates data previously reported in the GR component is the Graduation Rates 200% (GR200) component, which requests information on any additional completers and exclusions from the cohort between 151% and 200% normal time for students to complete all requirements of their program of study.

Transfer-out rate is the total number of students from the cohort who are known to have transferred out of the reporting institution (without earning a degree/award) and subsequently re-enrolled at another institution within the same time period; divided by the same adjusted cohort (initial cohort minus allowable exclusions) as described above. Only institutions with a mission that includes providing substantial preparation for students to enroll in another eligible institution are required to report transfers out.

Outcome Measures Data

Alternative measures of student success are reported by degree-granting institutions to describe the outcomes of four degree/certificate-seeking undergraduate student groups: First-time, full-time (FTFT); First-time, part-time (FTPT); Non-first-time, full-time entering (NFTFT); and Non-first-time, part-time entering (NFTPT). Additionally, each of the four cohorts collects data on two subcohorts: Pell grant recipients and non-Pell grant recipients. These measures provide the 4-year, 6-year, and 8-year award rates (or completions rates) after entering an institution. NCES calculates award rates by dividing a cohort's or subcohort's adjusted cohort into the number of total awards at 4-year, 6-year, and 8-year status points.

The initial cohort can be revised and take allowable exclusions resulting in an adjusted cohort. Institutions are permitted to exclude from the initial cohort students who died or were totally and permanently disabled; those who left school to serve in the armed forces or were called up to active duty; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on an official church mission.

The highest award and the type of award (i.e., certificate, Associate's, or Bachelor's) are reported at each status point. For students who did not earn an undergraduate award after 8-years of entry, the enrollment statuses are reported as either still enrolled at the institution, or subsequently transferred out of the institution. Unlike the Graduation Rates data, all institutions must report on a full-year cohort (students entering July 1 of one year to June 30 to the next) and on their transfer out students, regardless if the institution has a mission that provides substantial transfer preparation.

Finance

Core Revenues

Core revenues for public institutions reporting under GASB standards include tuition and fees; government (federal, state, and local) appropriations and operating and nonoperating grants/contracts; private gifts, grants, and contracts (private operating grants/contracts plus gifts and contributions from affiliated entities); sales and services of educational activities; investment income; other operating and nonoperating sources; and other revenues and additions (capital appropriations and grants and additions to permanent endowments). "Other core revenues" include federal appropriations, sales and services of educational activities, other operating and nonoperating sources, and other revenues and additions.

Core revenues for private, not-for-profit institutions (and a small number of public institutions) reporting under FASB standards include tuition and fees; government (federal, state, and local) appropriations and grants/contracts; private gifts, grants and contracts (including contributions from affiliated entities); investment return; sales and services of educational activities; and other sources (a generated category of total revenues minus the sum of core and noncore categories on the Finance component). "Other core revenues" include government (federal, state, and local) appropriations, sales and services of educational activities, and other sources.

Core revenues for private, for-profit institutions reporting under FASB standards include tuition and fees; government (federal, state, and local) appropriations and grants/contracts; private grants/ contracts; investment income; sales and services of educational activities; and other sources (a generated category of total revenues minus the sum of core and noncore categories on the Finance component). "Other core revenues" include government (federal, state, and local) appropriations and other sources.

At degree-granting institutions, core revenues exclude revenues from auxiliary enterprises (e.g., bookstores and dormitories), hospitals, and independent operations. Non-degree-granting institutions do no report revenue from auxiliary enterprises in a separate category, and thus may include these amounts in the core revenues from other sources.

Core Expenses

Core expenses include expenses for instruction, research, public service, academic support, institutional support, student services, grant aid/scholarships and fellowships (net of discounts and allowances), and other functional expenses (a generated category of total expense minus the sum of core and noncore functions on the Finance component). Expenses for operation and maintenance of plant, depreciation, and interest are allocated to each of the other functions. Core expenses at degree-granting institutions exclude expenses for auxiliary enterprises (e.g., bookstores and dormitories), hospitals, and independent operations. Non-degree-granting institutions do not report expenses for auxiliary enterprises in a separate category and thus may include these amounts in the core expenses as other expenses. "Other core expenses" is the sum of grant aid/scholarships and fellowships and other expenses.

Endowment Assets

Endowment assets, for public institutions under GASB standards, and private, not-for-profit institutions under FASB standards, include gross investments of endowment funds, term endowment funds, and funds functioning as endowment for the institution and any of its foundations and other affiliated organizations. Private, for-profit institutions under FASB do not hold or report endowment assets.

Salaries and Wages

Salaries and wages for public institutions under GASB standards and private (not-for-profit and for-profit) institutions under FASB standards, include amounts paid as compensation for services to all employees regardless of the duration of service, and amounts made to or on behalf of an individual over and above that received in the form of a salary or wage.

Staff

FTE Staff

The full-time-equivalent (FTE) by occupational category is calculated by summing the total number of full-time staff and adding one-third of the total number of part-time staff. Graduate assistants are not included.

Equated Instructional Non-Medical Staff Salaries

Institutions reported the number of full-time nonmedical instructional staff and their salary outlays by academic rank, gender, and the number of months worked (9-, 10-, 11-, and 12-months). Salary outlays for staff who worked 10-, 11-, and 12-months were equated to 9-months of work by multiplying the outlays reported for 10-months by 0.90, the outlays reported for 11 months by 0.818, and the outlays reported for 12-months by 0.75. The equated 10-, 11-, and 12-outlays were then added to the outlays for instructional staff that worked 9-months to generate a total 9-month equated salary outlay. The total 9-month equated outlay was then divided by total number of instructional non-medical staff to determine an equated 9-month average salary. This calculation was done for each academic rank. Salary outlays were not reported for staff that work less than 9-months and were excluded.

Student-to-Faculty Ratio
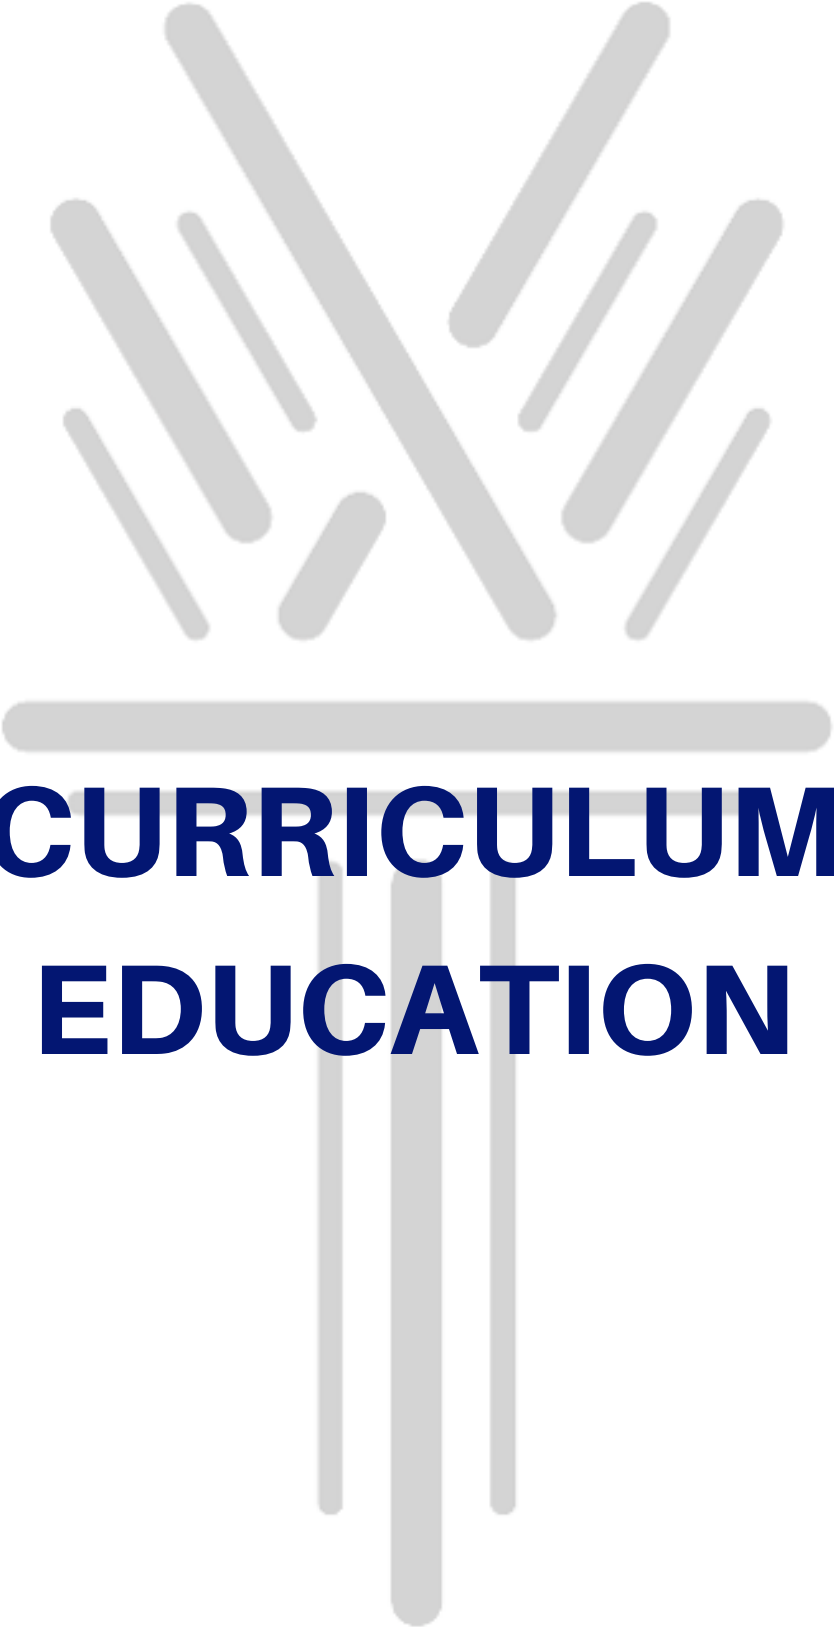

Institutions can provide their institution's student-to-faculty ratio (i.e., student-to-instructional staff) for undergraduate programs or follow the NCES guidance in calculating their student-to-faculty ratio, which is as follows: the number of FTE students (using Fall Enrollment survey data) divided by total FTE instructional staff (using the total Primarily instruction + Instruction/research/public service staff reported in Human Resources component and adding any not primarily instructional staff that are teaching a credit course). For this calculation, FTE for students is equal to the number of the full-time students plus one-third the number of part-time students; FTE for instructional staff is similarly calculated. Students in "stand-alone" graduate or professional programs (such as, medicine, law, veterinary, dentistry, social work, or public health) and instructional staff teaching in these programs are excluded from the FTE calculations.

IPEDS DATA FEEDBACK REPORT

Additional Resources

Additional methodological information on the IPEDS components can be found in the publications available at
https://nces.ed.gov/pubsearch/getpubcats.asp?sid=010.

Additional definitions of variables used in this report can be found in the IPEDS online glossary available at this provided link

Source: NCCCS Data Warehouse (CURSTA1 Annual Undup Count by College) 1/2020
Annual Curr Undup Count
Annual unduplicated count of curriculum students by college for a reporting year (Fall, Spring and Summer semester). The student is counted one time even if they enrolled for more than one semester.

ADDITIONAL FEES (Based on Course Registration)

Facility Fee

Community Schools	$25.00	per class
PED 117-Ice Skating	$85.00	
PED 128-Golf	$40.00	

State Personnel Development Center

A lab facility fee of $25.00-$65.00 per course.

Graduation

Degree/Diploma	$35.00
Certificate	$0.00

Prof. Liability Insurance

Health Sciences	$6.00

*Note: Books and supplies are additional out-of-pocket expenses; therefore, students must be prepared to cover the cost of books and supplies. These expenses should not be included with payments for tuition and other related expenses. Such expenses may range from $200 to $700 per semester. Some courses have additional course fees associated; details are available in the course comments section on Self-Service.
Updated June 4, 2018. Tuition and fees subject to change by legislative or institutional action.

Source: Office of Sponsored Programs, Feburary 2020

FACILITIES

2020
- Purchased 106 acres off of Rolesville Road (Wendell, NC)
- Learning Way was connected with US-401 South

2019

- College opened Learning Way Road from Daffodil Drive to Lots S and R. The connecting intersection with US-401 and Learning Way Road is scheduled to open in January 2020.

2018
- The Northern Wake Campus was renamed the Stephen C. Scott Northern Wake Campus.
- The first classroom building RTP1 (109,134 sq. ft.) opened at the new RTP Campus.
- Design began for the second building at RTP campus, a new Facilities /Warehouse Complex at the Southern Wake Campus and a new Automotive and Collision Repair Building at the Stephen C. Scott Northern Wake Campus.
- Received voter approval in November for a $349 million construction bond referendum that passed with 65% of the vote. Funding will be used to pay for design and construction costs for projects in the 2016-23 Seven Year Capital Improvement Program.

2017
- Building J (26,767 sq. ft.), Building K (90,779 sq. ft.) and Regional Energy Plant 3 (9,790 sq. ft.) opened at the Northern Wake Campus
- Received county commissioner's approval for the 2016-23 Seven Year Capital Improvement Program that will provide over $510 million over the first seven years for design and construction projects and technology improvements.
- North Wake College and Career Academy opened Fall 2017, 931 Durham Road Wake Forest, NC 27587.

2016
- Building H (64,368 sq. ft.) opened at the Northern Wake Campus and houses classrooms and laboratories for the health sciences programs including a STEM Lab, as well as space for the IT Services Department and Servers/Storage.
- Holding Hall on Southern Wake Campus (originally 43,348 sq. ft.) underwent a renovation and expansion, increasing it by 4,381 sq. ft. to a new total of 47,729 sq. ft. The building houses general education classrooms, Disability Support Services, the Mail Room, Facility Operations, Student Services, Campus Police, Career & Employment Resources, and Business Technologies.
- The Public Safety Education Center (formerly 100,666 sq. ft.) underwent a renovation and expansion, with renovations encompassing 34,858 sq. ft. of space with additions totaling 2,972 sq. ft. The new total for the Center is 103,638 sq. ft. This renovation added classroom, lab, and office space for Public Safety Education Programs including: barbering classroom & lab space, a computer lab, vocational labs, defensive tactics, armory, fire arms training simulator (FATS), and a 12 Lane Firing Range. The existing spaces for the Café and Incident Command Center in the Phase 2 area of the building were increased in size and renovated.
- Various areas of Buildings B & C (located on the Northern Wake Campus) were renovated to accommodate changes in programs and growth.
- The addition of Parking Lot P at Southern Wake Campus provided a net increase of 281 parking spaces. Parking Lot S was converted from a gravel parking lot to a paved parking lot with 706

parking spaces. Both projects included new parking lot lighting and blue light emergency phones. Security cameras were added to Parking Lot S as well.

- Purchased two additional tracts of land (2.05 acres) on Daffodil Drive / US-401 South adjacent to Southern Wake Campus. The Southern Wake Campus now comprises 144.76 acres on US-401S.

2015

- Building F (87,310 sq. ft.) opened at the Northern Wake Campus and houses the Learning Commons area (new library location), Individualized Learning Center, Disability Support Services and general purpose classrooms and numerous faculty offices
- Parking Deck 2 opened at the Northern Wake Campus with 782 spaces
- Regional Energy Plant 2 (8,990 sq. ft.) opened at the Northern Wake Campus
- Purchased five tracts of land (4.79 acres) adjacent to the Southern Wake Campus and Daffodil Drive / US 401 South
- Opened new Beltline Education Center (81,000 sq. ft.) (3200 Bush Street) replacing the Adult Education Center on Capital Boulevard. This facility houses the college's Career Readiness programs, adult basic education programs (including High School Equivalency Preparation (GED preparation); Adult High School; English as a Second Language; and Adult Basic Education (ABE/TOPS).

2014
- Montague Hall opened at Southern Wake Campus (48,721 sq. ft.). Named in honor of Harvey and Texana Montague.
- Vernon Malone College and Career Academy, 2200 South Wilmington Street in Raleigh, to open in the fall 2014
- Health Sciences Campus renamed Perry Health Sciences Campus to honor Jim Perry, Chair of Wake Tech's Board of Trustees, and his wife, Becky.
- Wake Tech broke ground on the first of four new instructional buildings at the Northern Wake Campus. The project will be constructed with funds from Wake County's 2012 bond referendum, which passed by an overwhelming 73%. The projects include Building F (87,310 sq. ft.), a parking deck (782 spaces), a regional energy plant, and two pedestrian bridges, which will be completed in 2015, and buildings L, M, and Skilled Trades in 2016.
- Wake Tech's Southern Wake Campus opened two new pedestrian walkways connecting Parking Lot S to Tech Road and the east side of campus.

2013
- New parking lot (S) opened at Southern Wake Campus
- New parking deck (514 spaces), parking lot F (294 spaces), and G (459 spaces) opened at Northern Wake Campus
- Eastern Wake Education Center, in Zebulon, opened newest training facility – a 300-square-foot house built to provide hands-on training for jobs in sustainable energy.

2012
- Building E (80,820 sq. ft.) on the Northern Wake Campus opened for students.
- Health Sciences 2 (105,283 sq. ft.) on the Health Science Campus opened for students.

2011

- With the acquisition of additional rental space at the Western Wake Campus, five "smart" classrooms were added with spaces for a total of 130 students.   In addition, an ILC extension room for math tutoring was added as well as space for one faculty member and one staff member.
- Parking Deck was completed on the Health Science Campus providing 500 spaces to students and faculty.
- College purchased seven additional acres adjacent to the RTP Campus. The RTP Campus has now 94 total acres.

2010

- An additional 47,480 square foot section was added to the Public Safety Education Campus with the completion of the Phase II renovation. This was connected to the Phase I renovation (18,520 square feet) of the facility.
- The name of the Public Safety Training Center was officially changed to the Public Safety Education Campus, and the campus was approved by SACS.

2009

- Building D (74,900 sq. ft.) on the Northern Wake Campus opened for students.

2008

- Purchased property (82.289 acres) at 301 Watkins Road, Morrisville, NC 27560 (future site of RTP Campus)
- Northern and Western Wake Campuses were visited and approved by the Commission on Colleges of the Southern Association of Colleges and Schools (Substantive Change Committee Visit)

2007

- Opened Northern Wake Campus at 6600 Louisburg Road, Raleigh, NC. with three (Administration Building, Math and Science Building, Regional Plant Building) buildings (134,480 sq. ft.)
- Completed first stage of renovation (18,000 sq. ft.) on the 100,000 sq. ft. Public Safety Training Center at 321 Chapanoke Road, Raleigh, NC. Classes started Fall 2010.

2005

- Completed addition to Pucher and LeMay Halls (30,000 sq. ft.) and renamed facility Pucher-LeMay Hall.
- Purchased two office buildings at 321 Chapanoke Road (100,000 square foot)
- Moved Business and Industry Center to Millpond Village, 3434 Kildaire Farm Road, Cary, NC (36,000 sq. ft.) and renamed Western Wake Center

2004

- Completed Automotive and Heavy Equipment Technology Complex (40,906 sq. ft.)

2003

- Completed Health Sciences Building (75,279 sq. ft.)
- Completed Engineering Technology Building (86,500 sq. ft.)

2002
- Opened Eastern North Carolina Plastics Technology Center (8,000 sq. ft.) in Zebulon, NC

2001
- Purchased 12 acres and constructed additional parking spaces on SR 2811(Tech Road)

2000
- Opened Business and Industry Center (14,963 sq. ft. leased building) at 600 New Waverly Place, Cary, NC.

1998
- Purchased property (Wells Furniture Building) adjacent to the Southern Wake Campus at SR2811 adding 14,200 square feet for facilities inventory

1996
- Completed Student Education Building on Southern Wake Campus (110,000 sq. ft.)
- Expanded parking at the Health Sciences Campus

1993

- Opened News and Observer Adult Education Center (21,545 sq. ft. leased building) located on Capital Boulevard, Raleigh, NC.

1990-91
- Completed Child Care Center (16,600 sq. ft.)
- Completed Health Education Building (32,000 sq. ft.)

1988
- Completed Library Education Building (84,000 sq. ft.)

1987
- Completed Mechanical Technology Building (16,980 sq. ft.)

1982
- Completed Technical Education Building (40,860 sq. ft.) which included classrooms, laboratories, and an auditorium

1975
- A Student Services Building (28,066 sq. ft.) named in honor of Robert W. LeMay (served as President from 1966-1979)

1974
- Completed a power mechanics laboratory building

1972
- The present day Southern Wake Campus size increased to 76.64 acres
- Two buildings and approximately 3.5 acres adjacent to Wake Medical Center is dedicated by Wake County Commissioners for health education

1968
- Business education building (22,540 sq. ft.) named in honor of Leo Pucher (first Board of Trustees Chairman)
- Completed addition to vocational laboratories (36,405 sq. ft) and named in honor of Dr. I.E. Ready, Director of the Department of Community Colleges

1966-67
- Maintenance shop and laboratory building (8,900 sq. ft.) added to campus

1963
- W.W. Holding Industrial Education Center (Wake Tech) opens with one building (40,795 sq. ft.) on 30.8 acre tract at 9101 Fayetteville Road, Raleigh, NC
- Building named in honor of W.W. Holding (Wake County Board of Commissioner)
- W.W. Holding building expanded (43,348 sq. ft.)

WAKE COUNTY

PEOPLE

The demographics of a community reveal a lot about its diversity and desirability. These numbers show who makes up our community, where our residents come from, and where growth is occurring within the county.

Title	Trend at a Glance	At last count	Did you know?
Population	↗	1,092,305 residents	Wake is the second most populous county in North Carolina. Mecklenburg County is slightly larger by 1,596 residents.
Population Density	↗	1,308 persons per square mile	Wake County's density has increased over 21% in the last ten years.
Occupied Households	↗	408,473 households	Over 64% of households are owner occupied. Approximately 36% are occupied by renters.
Average Household Size	↘	2.62 people per household	The average household size for owner-occupied households (2.78) is higher than for renter-occupied households (2.35) in Wake County.
Median Age	↗	36.4 years	The median age in Wake County grew by a full two years since 2010. During the same period, the national median age grew one year (from 37.2 to 38.2).
Net Migration	↘	20,419	Wake County gained an average of 56 new residents each day in 2018 with 37 per day due from domestic and international migration. In 2018, migration accounted for about 67% of population growth in Wake County.
Foreign-Born Population	↘	12.7% of the total population	The most common regions of birth for foreign-born residents in Wake County are Asia and Latin America.

PERSONAL
ECONOMICS

The extent to which citizens are able to achieve a desirable quality of life within Wake County is determined in part by their economic independence. These numbers measure the strength and sustainability of the economy, the affordability of education, and the relative wealth of the population.

Title	Trend at a Glance	At last count	Did you know?
Unemployment	—	3.4% unemployment rate	The unemployment rate in Wake County is 0.5% lower than the United States average.
Educational Attainment	↗	54.5% of the County's adult population has a bachelor's degree or higher	The percentage of Wake County adult residents with a bachelor's degree or higher as adults age 25 or older is among the highest counties in the state. The North Carolina percentage is 31.9%.
Median Household Income	↗	$79,970	Median household income in Wake County climbed steadily over the past six years at an average rate of 3.9%.
Population Below Poverty Level	↘	8.4% of the population lives below the federal poverty threshold	In Wake County, approximately one in four adults over 25 year old without a high school degree are below the poverty level.

DEVELOPMENT

Development patterns provide insight into the strength of the construction sector and the pace of residential and commercial development, and illustrate where growth is occurring.

Title	Trend at a Glance	At last count	Did you know?
Total Housing Units Permitted	↗	12,664 housing units	New multifamily housing units climbed nearly 38% from 2017 to 2018.
Acres Annexed	↘	2,267 acres annexed in 2019	In 2019, the top three annexing municipalities were: Fuquay-Varina (553 acres), Raleigh (354 acres), Apex (304 acres).
Residential Building Permits	—	14,845 permits	Growth in the number of residential building permits remains well above the ten year rolling average (approximately 12,440 permits).
Commercial Building Permits	↗	2,379 permits	Over the past ten years, commercial development was valued at approximately $8.46 billion.

Wake County

US Census (July 1, 2018 estimate)

Population (July 1, 2018)	1,092,305
Veterans (2014-2018)	51,410
Housing Units	441,817
Median Value of Owner Occupied Housing Unit (2014-2018)	$265,800
Median Selected Monthly Owner Cost – with a Mortgage (2014-2018)	$1,612
Median Gross Rent (2014-2018)	$1,102
Households with Broadband Internet Subscription (2014-2018)	89.7%
High School Graduates or Higher persons age 25+ (2014-2018)	92.7%
Bachelor's degree or Higher persons age 25+ (2014-2018)	51.8%
Median household Income (2018 dollars) (2014-2018)	$76,956

WAKE TECH
Institutional Effectiveness, Accreditation, & Research
