2016-2017 Grants Development Report

Each year, Wake Technical Community College submits grant proposals to federal, state, and other funding sources to support innovative initiatives college wide. During the 2016-17 fiscal year, Wake Tech received grants for 31 projects totaling \$10.99 million included the following Wake Tech initiatives:

- Wake Tech is among the Aspen Institute's Frontier Set, a group of 31 national colleges, universities, and organizations committed to significantly increasing student access and success and eliminating racial/ethnic and socio-economic disparities in college attainment.
- The National Science Foundation's Advanced Technological Education program funded Robotics Awake, an initiative of our Advanced Manufacturing program to collaborate with industry partners in developing curriculum for training technicians in the operation, utilization, and programming of light industrial robots.
- With funding from Accenture, Wake Tech is able to quickly train workers skilled in the operations of NC FAST, a program designed to improve the way the NC Department of Health and Human Services and county departments of social services do business.
- Support from Duke Energy will allow the college to increase the number of Electric Vehicle Charging Station (EVCS) ports at the Northern and Southern campus locations, continuing Wake Tech's aggressive efforts to provide alternative transportation options to decrease vehicle miles traveled and lower greenhouse gas emissions.

Workforce Continuing Education
