

AIR CONDITIONING, HEATING, & REFRIGERATION TECHNOLOGY

ahr.waketech.edu

Diploma or Associate in Applied Science Degree

This program provides students with the basic skills to design, install and service air conditioning, heating, and refrigeration equipment. Students may choose to concentrate in Commercial A/C (residential & light commercial applications) or Building Automation (centralized controls of HVAC and lighting) or Commercial (refrigeration - restaurants and grocery stores).

ENGINEERING, TECHNOLOGIES AND SKILLED TRADES DIVISION
