

## WELDING TECHNOLOGY

[wld.waketech.edu](http://wld.waketech.edu)

### Diploma or Associate in Applied Science Degree

This program teaches students the science behind welding and helps them develop practical, hands-on welding skills they can use to pursue employment and career opportunities. Welders are the backbone of the industrial world and are in short supply, making job opportunities plentiful.

Welders find career opportunities in construction, manufacturing, repair, and fabrication industries. High demand areas include construction of bridges, commercial building, shipbuilding/repairing, biopharmaceutical manufacturing, automotive manufacturing, and aerospace manufacturing.
