Dr. John B. Boone
Director of Institutional Effectiveness,
Research, and Events
Wake Technical Community College
9101 Fayetteville Road
Raleigh, NC 27603-5696

Dear Dr. Boone:

Thank you for your letter of June 27, 2011, notifying the Commission on Colleges that Wake Technical Community College will terminate the collaborative agreement with Pitt Community College, effective fall 2011. There are no students connected with the collaborative agreement with Pitt Community College still enrolled in the Associate in Applied Science degree program at Wake Technical Community College. Faculty members connected with this program were not affected by the termination of this collaborative agreement.

We accept the notification of the termination of the collaborative agreement and require no additional information.

The College is making a correction to the substantive change report that was submitted to the Commission, dated June 23, 2011, and for which notification was accepted in our letter of July 18, 2011. The following approved programs will be offered in the fall 2011 semester instead of the spring 2012 term: Mobile Content Development (diploma); IOS Application Developer (certificate); Android Application Developer (certificate); Health Care Informatics (certificate and Open Source IT certificate).

We accept the change in the dates of implementation and shall add it to your file.

Best regards,

A handwritten signature in black ink that reads "Belle S. Wheelan".

Belle S. Wheelan, Ph.D.
President
