

December 3, 2013

Dr. John B. Boone  
Dean of Institutional Effectiveness,  
Accreditation, and Research  
Wake Technical Community College  
9101 Fayetteville Road  
Raleigh, NC 27603-5696

Dear Dr. Boone:

Thank you for your letter, dated October 23, 2013, regarding Wake Technical Community College's intent to offer the following program, effective fall 2014:

- **Diploma – Heavy Equipment Operator** (34-36 credit hours)

The proposed program will be housed in the Applied Engineering Technology Division and is related to the existing A.A.S. in Heavy Equipment and Transport Technology (HEATT) degree program. Implementation of the proposed program requires the development of three (3) additional courses; all other courses required in the program currently exist within the HEATT degree program.

**As the proposed program does not represent a significant departure from current program offerings, the Commission accepts notification and will add this information to the institution's files.**

Best regards,

Belle S. Wheelan, Ph.D.  
President
