Dear Dr. Boone:

Thank you for your letter of June 22, 2015, providing notification that the College will offer the A.A.S. degree in Human Services Technology: Mental Health, effective fall 2015, at the approved Health Science Campus.

The College currently offers the approved A.A.S. degree in Human Services Technology. The new program is similar to that approved program and will not require significant additional resources such as faculty, learning resources, or facilities.

Because the new program is similar to existing approved programs and will require no significant additional resources, it is not considered to be a substantive change requiring approval.

We acknowledge the information and will add it to our files.

Best regards,

Belle S. Wheelan, Ph.D.
