Dear Dr. Boone:

Thank you for your letter of February 19, 2016, providing notification of the realigning and renaming of several academic credentials in the Computer Information Technology Division, effective fall 2016.

The changes are part of a statewide reorganization process undertaken by the North Carolina Community College System. The new credential titles represent a reorganization of existing courses and materials but do not represent significant changes in courses or programs. Therefore the reorganization does not constitute a substantive change requiring approval.

We acknowledge the information and will add it to our files.

Best regards,

Sarah L. Armstrong, Ph.D.
Director of Substantive Change
