

July 18, 2016

Dr. John B. Boone
Dean of Institutional Effectiveness,
Accreditation, and Research
Wake Technical Community College
9101 Fayetteville Road
Raleigh, NC 27603-5696

Dear Dr. Boone:

Thank you for your letter of March 1, 2016, providing notification that the Mechanical Drafting programs will be closed to new students, effective fall 2016, and then officially terminated in July 2018.

The three programs affected by the termination are Mechanical Drafting Technology degree, Mechanical Drafting Technology diploma, and Mechanical Drafting Technology certificate. Faculty members and equipment connected to the terminated programs will be transferred to one of three other existing approved drafting programs. The thirty-four students currently enrolled in the program as primary major will be allowed to either complete the program or transfer to another drafting program at the College (Mechanical Engineering Technology, Civil Engineering Technology, or Architectural Technology). Thus no students or faculty members will be adversely affected by the closure.

We approve the closure of the Mechanical Drafting programs.

Best regards,

Sarah L. Armstrong, Ph.D.
Director of Substantive Change
